Evidencing Need

Finding the Right Data

Dr Andrew Rixom, Senior Public Health Analyst
LBHF, RBKC & Westminster
Kuldip Bajwa
Kensington & Chelsea Social Council

For west London's voluntary and community sector

Funders Fair 2015

Wednesday 17 June, 9.30am - 3pm

Evidencing need

You will need to demonstrate how you know the unmet need exists and will have to provide some recent and relevant evidence. This can come from a combination of sources, such as:

- asking people with experience of the need

- your own experience, or what you have seen

- research into the scale of the need

- local statistics about the population in the area or levels of deprivation (such as from the census or other more recent surveys) or other statistics

- local authority initiatives or partnership strategies between statutory and voluntary sector services that are in place because the need is already well known and evidenced.
