

K&C Together

Harness your community's experiences and amplify their voices to create positive change

What is the K&C Together Programme (K&CT)?

K&CT aims to nurture a local voluntary and community sector that designs and delivers services with and for local communities. It supports charities, social enterprises and community organisations to operate in a representative, inclusive and participatory manner.

Are representation and inclusion on your organisation's agenda?

Organisations can access free, expert support, advice, training and resources to develop action plans and become more representative, inclusive and community-led. Develop skills, policies and/or practices around inclusion, community involvement, equity and power-sharing.

Join the K&C Together Programme to...

- ✓ Get judgement-free support and training
- ✓ Identify your priorities and develop achievable action plans
- ✓ Unlock the potential of your beneficiaries and community members

Community Involvement

Workshops and support for organisations that value lived experience expertise

Practice review

Receive feedback and tailored support to enhance your user involvement practices and/or policies, or get expert guidance to establish new ones.

Workshops to develop co-production and facilitation skills

Bespoke training for staff, volunteers and/or service users, to help everyone contribute and participate fully within group sessions. Example topics include listening skills, critical and strategic thinking, and consensus decision-making.

Foundational VCS knowledge for aspiring volunteers, staff and board members

Sessions introducing service users and community members to the voluntary and community sector, the roles and responsibilities of boards and trustees, and other useful insights for would-be changemakers.

To book an initial chat about your organisation's community involvement work, or to access support around board work, user forums or advisory groups, contact: lucy@kcsc.org.uk
