

Kensington and Chelsea Safer Neighbourhood Board Information and Guidance for 2026/27 Applicants

1. Introduction

Safer Neighbourhood Boards (SNB) have become an important borough level mechanism for delivering local police accountability and engagement.

Kensington and Chelsea SNB were established in 2014 by the London Mayor's Office for Policing and Crime (MOPAC). Its purpose is to give local people and victims a greater voice in establishing local policing and crime priorities, as well as monitoring police performance and confidence.

The board includes local people, Councillors, the Borough Commander (or their representative) and representatives such as Victim Support, Neighbourhood Watch, Local Authority, Young People, Independent Custody Visiting Panel, and the Stop and Search Monitoring Group. Through this strong community representation, the Board's goal is to achieve a safer and more peaceful community within Kensington and Chelsea.

The Police and Crime Plan 2022/25 (PCP) commits MOPAC to continuing to support the work of SNBs. The Police and Crime Plan 2022/25 can be found using this link:

Applications that are not completed in full will not be accepted to stage 2 of the process.

Stage 2

Members of the SNB Executive Panel will assess applications individually. The SNB Executive Panel Members will hold a consensus meeting to review each application and score them. Each application

form will be scored out of 0 to 5 based on the marking scheme on page 5 of this guidance. The applications with the overall highest scores to the value of the total grant will be shortlisted. The SNB may reduce the grant value.

Stage 3

For stage three of the process, shortlisted applications which have been approved by the SNB will be recommended to MOPAC who will make the final decision about which projects will be funded. There is no appeal process.

The SNB will inform all applicants of the outcome via email. Projects must be ready to start in quarter 2 (July to September) and all activities must be delivered by 31 March 2027.

5. What happens if the application is successful?

Even if successful, the grant amount may differ from your application request.

Depending on the type of project being delivered, organisations will be required to sign a funding agreement, provide due diligence information, and submit performance monitoring information twice yearly but this will be confirmed if your application is successful.

If you wish to apply for funding, please save and complete an application form and submit it to snbadmin@westway.org with the subject heading: SNB Grant Application + the name of your organisation.

If you require support, please contact Mark Didimakon using the same email address above.
