Imperial Health Charity: Compassionate Communities Grant Development

- Working across 8 boroughs – K&C, WCC, H&F, Ealing, Brent, Hounslow, Harrow, Hillingdon
- £450k grant funding programme, focused on communities most affected by COVID-19
- Initiatives relating to food, exercise, obesity
- Want to consult with as many frontline community people as possible over the next 4 weeks

To ask:

1. What are the significant needs and issues that communities are facing as a result of COVID-19
2. What types of initiatives would be most helpful to communities (which should we fund)?
3. What groups should we work with?

Imperial Health Charity: Compassionate Communities Grant Development

Community Panel

- To develop the criteria for the grants initiative and assess grant applications
- To work with Imperial and other health partners and advise them on issues at the frontline in communities
- Representative of the 8 boroughs
- Up to 15 members
- Meeting about once a month
- Paid for their time

What are your thoughts on:

- how this might work
- who should be involved
