

WHAT IS FIVES?

Fives is a game where you hit a ball against a wall with gloved hands

There are two different sorts of Fives at Westway:

- **Wallball**, played as singles or doubles, with just one wall to hit and a marked out court on the floor
- **Eton Fives**, doubles, with three walls and some extra edges and ledges to make things more interesting

WHY FIVES?

- Fives exercises brain and body at the same time
- Fives is a game for all ages and all abilities
- Fives can be played by boys and girls together
- Fives has no umpire: the players referee themselves
- Fives uses both left and right hand
- Fives can be played day or night in all weather
- All you need is walls, some gloves and a ball
- **FIVES IS FUN!**
