# New Services

- 1. Recovery and Wellbeing Network (Turning Point/ Blenheim)**
- 2. The Alcohol Service (CGL)**

# The Local Context

- New and emerging drug and alcohol trends
- To respond better to the needs of alcohol users
- Demographic and social change

# What is the Change?

- Increased opportunity to access support in community and at home- residents no longer need to come to us
- Increase access to Education Training and Employment
- An approach to treatment that uses community assets as a key part of what we do
- A focus on 'Early Intervention' – Wellbeing based work.
- Activist work to promote community recovery and wellbeing through our Recovery Fund

# Opportunities for partners

- For us to do joint assessments with you/ develop joint care plans
- Free training
- To develop joint wellbeing programmes with us
- For you to have a substance misuse specialist as part of your team/ programme

# What's Next?

- We are seeking partners in the local community to promote referrals and to promote the health and wellbeing of people who use substances
- We are launching our successful 'Resolution Clinic' into the borough to focus on the needs of professionals.
- We are going to focus resource on the hostels and supported housing of the borough to bring more clients into treatment
